Death Summons Four Well Known Citizens Within Past Few Days

Venerable Stephen McKendrick, George Howell, East Smethport; Mrs. Laurena Burdick, Betula, and John Nelson, Colegrove, Called to to Great Beyond.

Death levied heavy toll on Smethport and vicinity the past few days when four well known and highly-respected citizens answered the last summons.

The venerable Stephen J. McKendrick, aged 78 years, passed away at his late home in Bank street at 3 o'clock Tuesday morning, following a brief illness from pneumonia and complications. Just recently returned from the Homeopathic hospital, Buffalo, where he underwent a successful operation, Mr. McKendrick gave every promise restration to health, but pneumonia following a slight cold, found m too weak to resist.

A resident of Smethport for the st 15 years, Mr. McKendrick was ll and favorably known to prac lly every citizen. During a long of activity he devoted himself the lumber business, his most ensive operations being confined the Clermont vicinity, where he d before coming to Smethport.

lis widow and seven children vive, the children being Mrs. rge Russell and William McdrickofEldred, Mrs. H. E. nbjohn of St. Marys, Mrs. A. J. mpson, Olean; Charles and rman McKendrick, Smethport, Mrs. H. E. Munn, Smethport.

Funeral services will be conted from the McKendrick home s Thursday afternoon at 2 o'ck, under the auspices of the dd Fellows, Rev. Arthur Gregson the Methodist Episcopal church officiating. Interment in Rose Hill cemetery.

George Howe, well known hardware merchant of East Smethport, one-time blacksmith and one of the best known and most highly respected citizens of McKean county, passed away at his home in East Smethport at 11 o'clock Tuesday night, at the age of 63 years. Death was due to chronic nephritis, from which Mr. Howe had suffered for a long time.

A citizen of Smethport for many years, Mr. Howe was known as a man of strict integrity, a dependable citizen, a good husband and father and a kind neighbor and friend.

His wife, one daughter, Miss Ruth, a graduate of Westbrook college, Olean, and one son, William, a student at State College, survive.

Funeral services will be conducted from St. Elizabeth's church of which the deceased was a member, Friday morning at 9 o'clock, Rev. Father Donahue officiating. Interment in Rose Hill cemetery.

Mrs. Laurena Burdick, aged 51 years, died at her home in Betula at 5:10 o'clock Saturdy evening, from concussion of the brain, due to a fall in the roadway while on her way home from a store in Betula. Mrs. Burdick visited the store about 12 o'clock and it was 1:30 o'clock when her unconscious form was found lying in the roadway by Mr. Ed Gallup. Summoning assistance, Mr. Gallup conveyed her to h r home, where she expired without regaining consciousness. It is believed that Mrs. Burdick suffered a slight heart attack, to which she was subject, while homeward bound, which was responsible for the fall and resulting concussion of the brain.

Deceased was an exemplary Christian woman in every sense the term implies and leaves a host of friends to mourn her loss. Surviving her are her husband, Mr. Elmer E. Burdick, Minnie of the home, Earl of Saegertown, Mrs. Stepa Campbell of the home, Mrs. William Bailey of Sheffield, Leland of the home, and George of Betula.

Funeral services were conducted from the Colegrove church Wednesday afternoon, Rev. Arthur Gregson of Smethport officiating. Interment in the Colegrove cemetery.

John L. Nelson, aged 70 years, an employe on the Heineman estate, passed away Saturday evening at 7 o'clock, death being due to infirmities. Mr. Nelson had been a resident of the Colegrove vicinity during the past 40 years, 25 years of which he was employed by the Heinemann estate. He had no relatives in America. A steady-going, honest man, Mr. Nelson was held in high esteem by all who knew him.

Funeral services were conducted at the Sasse undertaking parlor Tuesday afternoon, Rev. Mr. Larson officiating. Interment in Rose Hill.

GAME KILLED IN PENNA. SCALED 18,000,000 POUNDS ESTIMATED AT $6,000,000

With the announcement that 1,900 deer and 160 bear were killed in the counties of McKean, Potter, Cameron, Clinton and Center during the recent hunting season and that $2,000 in fines was collected from hunters who did not perform according to law, comes a dispatch from Harrisburg stating that 18,000,000 pounds of meat was taken out of Pennsylvania forests, which was worth, at a conservative estimate, almost $6,000,000.

Approximately 6,000 deer were shot in Pennsylvania last season, according to John M. Phillips, president of the state game commission, who states that "at the prevailing market price for venison the meat represented a value of $600,000, which is the interest at the rate of six percent for one year on $10,000,000."

Recently a bulletin of the state agricultural department represented the value of the sheep owned in this state at $200,000. The comparative figures will give some idea of the greatness of the deer industry in the state, which is growing all the time, although 15 years ago deer was almost extinct in Pennsylvania.

All the game killed in Pennsylvania during the last hunting season represented the equal of an investment of $100,000,000.

The game commission is going to spend considerable effort this year in trying to restock bear in various mountain sections of the state. Demands for bear are coming from hunters everywhere ever since the commission adopted the practice of trapping and transporting to more hospitable regions the Potter county bears.

In codifying the game laws the game commission will recommend that the fees of non-resident hunters be increased to $15.

W. F. M. S. TO CELEBRATE SIXTEENTH ANNIVERSARY.

The January meeting of the Woman's Foreign Missionary society of the Methodist Episcopal church will mark the sixteenth anniversary of the organization of the local auxiliary and, as is customary, will be celebrated by a birthday party. This meeting will be held on Tuesday evening, January 16 at 8 o'clock and each member may bring one guest. Mrs. J. M Wiant has charge of the program and Mrs. Arvid Benge is chairman of the refreshmen, committee.

LOCAL COACH SELECTS ALL-SCHOLASTIC TEAM FOR FOOTBALL SEASON.

Coach Doctor Livermore, enthusiastic and successful football leader, has just completed selection of an all-scholastic eleven, composed of the best players of the various elevens of McKean county, with which he purposes to place McKean county on the football map next season by exhibiting one of the best elevens in the country. All that remains is for the players named to get in the game. This done, McKean county surely will give the football fans of state and nation a big surprise.

The players selected by Doctor Livermore to date, follow:

End, Birmingham of Bradford.
Tackle, Samuelson of Kane.
Guard, Larson of Port Allegany.
Center, Kohn of Smethport.
Guard, Magnusen of Kane.
Tackle, Scott of Bradford.
End, Mundy of Smethport.
Half, Halpenny of Smethport.
Full, Anderson of Port Allegany.
Quarter, Lungrum of Kane.

The list to date contains three players from Smethport, three from Bradford, three from Kane, and two from Port Allegany.

CAPTAIN IN BOER ARMY AND ROOSEVELT'S FRIEND VISITS BOROUGH, MONDAY

Captain Casper Van De Watering, officer in the Boer army during the war with England, guide for Col. Theodore Roosevelt during his lion-hunting campaign in Africa, and at present representative of the Ohio Varnish company of Cleveland, Ohio, was a Smethport visitor, Monday, a guest of Hallstrom Bros., agents for Chinamel and other products of the Ohio Varnish company.

Captain Van De Watering served on the staff of the famous General De Wet, which England invaded the Transvaal and helped hold the invaders until such time as England, made desperate by the surprising fighting qualities and generalship of the Boers, was compelled to fight them on a 10 to 1 ratio.

While in Smethport Captain Van D Watering was a pleasant caller at the Miner office. He is a man of powerful physique, as hard as nails and has a grip like Samson of old. He came to America with Roosevelt following his African expedition, since which time he has resided in this country. Although a Boer Dutchman, he speaks English like a native and his stories having to do with his acquaintance and association with the great American statesman would provide excellent reading material. Intimately acquainted with "Oom Paul" Krueger, president of the Boer republic at the time of the English invasion, General Jans Smuts, leader of the Boer forces, later one of England's representatives in the settlement of the world war, and Col. Theodore Roosevelt, of Dutch name and Dutch descent, Captain Van De Watering has stamped this trio as the greatest men of the 19th-20th centuries.

When Colonel Roosevelt entered upon a speaking campaign through the middle west some years ago, Captain Van De Watering accompanied him. While the colonel was speaking in Milwaukee an attempt was made on his life by a man in the audience but Captain Van De Watering frustrated further attempts by felling the would-be assassin with one blow from his mighty fist.

Captain Van De Watering is one of those physical giants, however, whose strength of mind equals his strength of body. Although of heroic mould, his manner is both gentle and pleasing, betraying such tenderness of mind and heart as to win and hold the confidence of the most timid child. In fact, he's a big man all over.

Call again, Captain. The latch-string hangs out.

TRUCK DRIVERS ESCAPE DEATH WHEN MACHINE TURNS A SOMERSAULT

A large Reo truck, owned by the Miles Grocery company of Kane, en-route up Smethport and Port Allegany, Friday morning, with a load of groceries, skidded on the ice-covered Marvin creek road near the J. E. Mundy residence, while going at a goodly rate of speed and, striking a stone on the roadside, turned a complete somersault, righting itself instantly in the operation, not, however, without the loss of a front wheel, the cab and lights.

First-hand knowledge of the accident was received when Frank Perrotti and Ted, O'Leary, in charge of the truck, limped to the Mundy home, the former suffering from a badly bruised right leg and the latter from cuts about the face, head and body. They had been thrown bodily from the big machine into a ditch and were badly shaken up. How they escaped death is a mystery.

The men were given every assistance by Mr. and Mrs. Mundy and Dr. W. A. Ostrander was summoned who rendered the necessary surgical aid. Communication with the Miles company at Kane brought a repair truck to the scene. Another wheel was substituted for the one wrecked and the truck was enabled to proceed under its own power to its destination with a somewhat disfigured yet withal game crew.

JANUARY 15 IS DATE WHEN OWNERS OF DOGS MUST WHACK UP TAX.

The new dog tags for 1923 are being issued at the county treasurer's office and owners of dogs should take them and before Monday, January 15, positively the last day of grace. The tax on a male dog, including the fee for registration, $1.50, if sent by mail $1.12. Tax on a female dog is $2.10, and $2.12 if sent be mail.

The enforcement of the dog law is a matter for the state authorities and it is stated that enforcement will be more strict than ever before. Just how dog licenses are checked may be realized when the information is given that a copy of the assessor's list of dogs goes to Harrisburg and a report from the county treasurer is required each week. Therefore, how long will it take those in charge to learn if one has not paid his dog tax?

MOTHER KILLS DAUGHTER AND THEN SHOOTS SELF WHEN NERVES COLLAPSE

After shooting her six-year-old daughter, Doris, through the mouth Mrs. Tressie Bunting of Erie, visiting in Kane, Monday turned the weapon on herself and fired one shot through her mouth, dying a few minutes later at the home of her parents, Mr. and Mrs. Clement Jackson, of Kane.

Mrs. Bunting was a chiropractor with offices in Erie, where her husband also practiced chiropractic. She arrived in Kane about two weeks ago with her daughter to visit her parents.

An examination of the house made immediately after the shooting showed that Mrs. Bunting had used a 22-calibre revolver, which she took from a gun case belonging to her father. The gun case had been pried open with a pair of scissors.

According to Mr. Jackson, his daughter must have suffered from a fit of dependency during which she committed the murder and suicide. She had been studying for some time and had suffered a nervous breakdown, coming to Kane to recuperate, according to relatives.

An investigation was made by County Detective Allison, Monday and the coroner gave permission for the removal of the bodies. Mr. Bunting, notified of the double tragedy, started for Kane immediately.

Aspirants for Sheriff Total Three to Date, So Dope Sheet Reads

Solt and Foust, Bradford, and Allison, Smethport, Said to be in Running; Starsky and Cooper Enter Lists for Treasurer; Commissioner Candidates Galore Predicted.

The political pot in old McKean county is bubbling and threatening to boil over.

Rumors of candidacies for the various offices are flying thick and fast, giving warrant for the assumption of contests galore for every office to be filled by the electorate this year.

While the public interest has not awakened as yet, politicians of the major political parties are alive, all seemingly imbued with the idea that getting in early is the best method to pursue.

From the stories afloat it is quite apparent that many "outs" want to get in and all "ins" who can do so, want to stay in.

Interest to date, however, appears to center in the office of sheriff. With Sheriff Joseph Robinson slated to go this year, by reason of the law made and provided, speculation concerning his successor is rife and rumor has it that Harry Solt, Bradford, chief of police, and Charley Foust, Bradford police officer, will contest for the honor; but this rumor is offset somewhat by another, which, when put into cold type reads: "Friend of County Detective J. J. Allison purposes to be well up on the Carnival line when it comes to grabbing off Sheriff Robinson's job." In any event, this trio—Solt, Foust and Allison—is regarded as an especially strong one, and if they all get into the game a rattling old-time contest is assured.

For county treasurer two candidates loom on the horizon in the person of B. F. Starsky, county prothonotary, and Daniel M. Cooper of Bradford, formerly of Smethport, with some decided chances of others entering the ring. If what the politicians say is reliable, both Starsky and Cooper, however, are decidedly popular with the people and if the contest is between them alone it will prove a very interesting one.

With the rumor that O. S. Gahagan, A. J. Bond and Joseph O'Connor, commissioners, will be candidates to succeed themselves, comes another to the effect that William Halpenny and Horace Redfield may be prevailed upon to enter the race, the which, if true, breathes promise of a mix-up of the worth-while variety. It is intimated, however, that practically every section of McKean county will have a candidate for commissioner this year and that battle for preferment will be one of the greatest ever waged in old McKean.

To date contests appear to center on sheriff, treasurer and commissioners, no announcements of rumors of announcements for other offices have been made to date.

THREE PRISONERS GET STIFF FINES AND JAIL SENTENCE FROM COURT.

In Argument court, Tuesday, "Mickey" Novak of Crosby, charged with operating an automobile while intoxicated, pleaded guilty and was given a fine of $50 and sentenced to six months in jail.

Joe Slavin and Dan Benard of Eldred, charged with operating gambling devices following a raid conducted by County Detective Allison some weeks ago, entered pleas of guilty to the charge, whereupon they were assessed $100 fine each and sentenced to the county jail for a period of six months.

Raymond Shackett, drew a fine of $5 and costs of prosecution and a sentence of one year in jail following his plea of guilty to a charge of forgery. Shacket, with one Ostrander, charged with a similar offense, was received from Kane. It is said that Ostrander will fight the forgery charge lodged against him.

PITTSBURGH NEWSPAPER PRINTS FINE PICTURES LOCAL FOOTBALL SQUAD.

The Pittsburgh Gazette-Times for Sunday, December 11, contains a fine group picture of the Smethport High school foothall squad for 1922. In an explanatory note the Gazette-Times pays a fine tribute to Coach Livermore, "former Pitt track star, who holds the two-mile run record for Pitt intercollegiate meets on Schenley oval." With Coach Livermore in the picture are the familiar outlines of Sloppy, Colegrove, P. Mundy, Bengs, Kohn, Backus, Halpenny, Prof. Stanley Bright, E. Mundy, Bouton, Iddings, Denning, Coglionstro, Metzgar, Rickey, Crawford, Larson, R. Miller, A. Miller and coach C. C. Choate are among those not present in the picture.

CONOPUS CLUB PLANS FOR A SWIMMING POOL AND MEMBERSHIP DRIVE

Some lively topics were discussed at the regular noon day meeting of the Conopus club at the Wright house, Monday, chief among which was the attitude of certain business and professional interests in holding ing aloof from the only live-wire organization in the borough, and plans for a membership campaign designed to bring every worthwhile citizen into the fold.

Following the discussion President Redfield suggested that the committee on public welfare inaugurate a campaign for the purpose of constructing and maintaining a swimming pool for Smethport. With the knowledge that the water company is willing to donate the use of a tract of land near the golf links for that purpose, it was deemed advisable to push the proposal to completion at the earliest date possible.

Mr. W. S. Duschamp, well known inventor of glass machinery, who was present at the meeting, paid a fine compliment to Smethport when in the course of a few remarks, he stated that in all his travels he had never seen any better electric lighting service than that of Smethport's Main street, and he praised the Conopus club for its foresight and enterprise in the matter of establishing the system. Mr. Duschamp also had a good word to say concerning the manifest enterprise of the Masons as revealed by their handsome new temple.

Following the discussion and speechmaking, President Redfield announced the following standing committees for the year:

Industries—S. L. Fry, F. L. Holmes, W. H. Gallup, G. C. Douglass, R. E. Burdick.

Good Roads—E. G. Potter, F. H. Hungiville, T. H. Morrison.

Membership—T. F. Hungiville, G. W. Mitchell, L. E. Munn.

Agriculture—E. A. Studholme, E. S. Crossman, Wm. Fauhaiir.

Public Welfare—J. W. Bouton, J. L. Morrison, Russell Lindsley.

The executive and membership committees will meet at the office of H. J. Rice, Grange Bank building, Friday evening, for the purpose of considering membership plans and the future outlook.

MATRON OF JAIL GETS GIRL OF 15 CHARGED WITH INCORRIGIBILITY.

In Juvenile court, Bradford, Friday morning, Ruth Reed aged 15 years who was taken into custody, Tuesday, on appeal of her mother, was given a hearing before Judge J. W. Bouton. The girl was charged with being incorrigible and after hearing the case Judge Bouton announced that he would place the girl in the custody of Mrs. Josephine Pogson, matron of the county jail. The girl was brought to Smethport Friday afternoon.

The girl was apprehended in Bradford following a spectacular chase which was witnessed by a number of people on the streets. In an effort to elude the police she sought refuge in St. Bernard's church. Later she left the church and ran into the Methodist church chapel when aware that an officer had spotted her. There she was taken into custody. When arrested the girl is alleged to have been wearing a very good fur coat that belonged to a Bradford woman by whom she was employed. The woman refused to make any charge against the girl.

Mrs. Pogson now has quite a colony of young folks to care for—a number of the errant variety and others without a home. By the exercise of rare tact, plus motherly care, however, she is making great progress with her wards and is deserving of the highest commendation for her interest in the humble and erring.

TELEPHONE SYSTEM PRINTS 17,716,500 DIRECTORIES

Some conception of the magnitude of the work involved in compiling and printing the telephone directories of the Bell system is obtained when it is known that there are approximately 2500 different directories published on an average of two annually, and this necessitates the printing of about 17,716,500 copies. The paper used, including the cover stock, weighs approximately 41,725,000 pounds and represents an annual cost of $1,922,575.

To haul this paper from the mills to the print shops requires approximately 831 freight cars of 50,000 pounds capacity. This would make 14 solid train loads of 60 cars each. To deliver the directories after they have been printed would require nearly 4200 five-ton truck loads and several thousand men to deliver the books from the trucks to the subscribers.

There are approximately 26,053,700 lines of subscribers' listings and advertising to be cared for during a period of one year. If it were possible to make up one four column book, this book would contain 52,300 pages, 9 inches by 11 inches, and the book would be 72 inches thick. If this book were divided into volumes the size of the Philadelphia directory with 1032 pages, there would be more than 50 volumes.

In Pennsylvania about 2,000,000 directories are issued each year, which means that almost 12 per cent of the Bell directories published in the United States are used in the Keystone State.

Jockey—"Say, boss, why did you name this horse 'The Voice With the Smile?'"

Owner—"Because the voice with the smile wins."

The oldest telephone operator in the world is believed to be Mrs. Amanda Gulliver, of Fairfield Center, Maine. She is 88 years old and operates a switchboard with 40 subscribers.

WHAT'S IN A TELEPHONE?

Few people know that in order to manufacture the innocent little telephone that stands on the desk it is necessary to bring to the factories articles from practically every corner of the globe.

There are twenty different minerals, fabrics and the like, used in the manufacturing process. Of course, many of the articles are obtained right here at home. Such things as gold, silver, copper and wool are secured in the western part of the United States. Iron, lead, zinc, nickel and aluminum, as well as coal and cotton, are received from the eastern and southern parts of the country.

But rubber must be secured from the southern part of Africa; linen comes from Eastern Europe, mica from India, tin from Malay, silk and shellac from China; platinum from Russia and from South America is obtained rubber and asphaltum.

The ensemble has the earmarks of an international collection, and it is easily to be seen how difficult would be the wedding if it were not for the present day efficient scheme of world commerce.

TELEPHONE LINES BECOME LITERALLY 'AS BUSY AS BEES'

Taking refuge in a terminal box of the Bell Telephone system, in Linden, Pa., bees made honey on wire "loops" while business, town talk and social conversation "buzzed" over the wires.

Though the bees buzzed a bit also, it wasn't their interruption of the neighborhood conversation that brought their presence to the notice of the telephone company officials. It was a resident of the neighborhood who found the swarm and visited the general manager's office to seek aid in corralling the hives which he declared valuable.

Who owned it and lost it when the "queen" led her followers to their lofty [illegible] company [illegible] knows.

THE ROMANCE OF WORDS

"SCHOONER"

THE word "schoon," which came over with the Dutch from Holland, was used for many years in New York and in New England as a term to denote the peculiar movement of stones or flat pebbles when skipped along the water, and it is from this that we derive the word "schooner" as applied to a certain type of sailing vessel.

The first schooner ever constructed is said to have been built in Gloucester, Mass., about 1713, by Capt. Andrew Robinson. The hull was laid out along novel lines, in order to produce a maximum of speed and she naturally rested on the water, rather than in it. Hardly had the sails been set for the trial trip, than a bystander cried out: "Oh look how she scoons along!"—meaning that the craft hardly seemed to touch the waves, but skimmed along on the surface. Robinson instantly replied: "A schooner she is!" and, from that time to this, vessels thus masted and rigged have gone by this name, though an "h" has been inserted as the third letter.

The use of the same word in ante-prohibition days to designate a large glass of beer is more difficult to trace, but it probably had its origin in the foam on the top of the glass—a substance which appeared to be analagous to the white caps of the ocean, for certainly no one would try to "scoon" a "schooner of beer" over the water!

BEAUTIFULLY MIXED.

The editor received some home brew and a wedding notice and a farm auction sale all in the same mail. He stowed away some of the home brew and then went to work on the wedding notice and the auction sale, and when the paper came out it had this story:

William Smith and Miss Lucy Anderson were disposed of at public auction at my farm, one mile east of a beautiful cluster of roses on her breast and two white calves, before a background of farm implements too numerous to mention in the presence of about 70 guests, including two milch cows, span mules and one bob sled. The Rev. Jackson tied the nuptial knot with 200 feet of hay rope and the bridal couple left on one good John Deere gang plow for an extended trip with terms to suit purchasers. They will be at home to their friends with one good baby buggy and a few kitchen utensils after 10 months from date of sale to responsible parties and some 50 chickens. —Printing Trades Bulletin.

Secretary Mellon in his annual report declares that the value of Liberty bonds has increased $2,500,000,000 since the low levels of 1920. And since the cost of government upkeep has decreased another $2,000,000,000 it would appear that the people have something for which to thank the Republican party, even if the large amount of constructive legislation which that party has put through is utterly ignored. If money talks these facts are eloquent.

The increase of our export trade since the enactment of the new tariff law is complete refutation of the democratic charge that the law would bring a decrease in foreign shipments. The act is working out just as its Republican authors predicted it would. Our domestic industries are encouraged by the protection it affords, and our foreign business is stimulated.

The New York Evening World made a terrible fuss about the new tariff law, declaring that it would add $4,000,000,000 to the cost of living of the people of the United States, no particulars being cited. The new tariff law placed no news print paper on the free list, and the Evening World, which formerly sold for one cent, now sells for three, a 200 per cent increase. That's funny.

Former President Wilson feels confident that the near future will witness the triumph of our principles." Mr. Wilson's seclusion has put him out of touch with the times. Other principles than his are in the ascendency in the United States now. The success attending their application has won a public confidence that will not be shaken.

The resources of the national banks have increased by a billion and a quarter since September of last year, and deposits have increased by more than two billions in the same period. The figures show the result of the Republican policy of reduction of taxation even at the risk of incurring a temporary deficit in the federal treasury.

Democrats, nasty appearance against over the results of the elections, but if they have the future welfare of the country at heart they ought to be as disturbed as the Republicans at the increased radical strength in both Houses of Congress.

The name "Workers' Party of America" is a misnomer. The only work its members do is distinctly destructive rather that constructive, and follows the lines of bloody revolution.

General Pershing notes that the people most anxious to exterminate Turkey are also the most clamorous for reduction of the army. The two things do not go together very well.

Under the ancient tithing system one-tenth of a man's income was taken as a tax. There are a lot of Americans who would profit by going back to the tithing system.

Nothing can help the government more and nothing can set a better example to the people than firm insistence on deep paring of governmental expenditures.

Chilo inhabitants will undoubtedly be warmed by the generosity of the United States following the earthquake disaster.

LOCAL MAN'S MACHINE FOR BLOWING GLASS PROVES BIG SUCCESS.

Invention of Robert W. Hilton Withstands Every Test at Port Allegany Glass Plant.

The new Hilton machine for blowing glass, which has been in operation for about three weeks at the Allegany glass factory, is proving to be a great success. The company now has two machines in operation, and they are producing a large amount of high grade glass. The machine is the invention of Robert W. Hilton of Smethport, who holds very strong patent claims in the U. S. Patent office.

Expert glass men who have seen the machine in operation, marvel at its quick success. Other factories, installing other machines, have required weeks to secure successful operation, experiencing much difficulty at the start in getting things adjusted to produce glass properly. The Hilton machine, with crews of inexperienced workmen, was a success practically from the first day of operation. As the men gain experience the results secured by the machine are proving more and more successful, as improvements are being made on minor details of the machine.

Each machie blows cylinders up to 36 feet in length, which is a longer cylinder than is usually blown by other machines. The glass is of a good quality and will find a ready market.

Two machines are being operated at present, but others will be installed later, and it is probable that six or eight machines will later be used in the local factory. The installation of these machines means a saving of about forty-five men on each tank, but the greater production of glass will mean that more men will have to be employed to handle the glass in the cutting and other departments, so that the factory will probably employ as many men as it ever did. Furthermore it is expected that the plant will be in operation nearly all the year instead of only a few months as under the hand blowing conditions. The successful operation of these machines will mean a great deal to the industrial property of Port Allegany, as many men will secure steady employment.

The Hilton machine was first completed last spring, and in June the first actual tests were made with it, blowing being made with glass dipped from the tank in the hand-blowing section and carried across the factory to the machine. These proved so successful that arrangements were made to begin regular operation of the machine in December, and the working of the machine since that time has been even more successful.

Mr. Hilton, the Allegany Glass company, and the people of Port Allegany are to be congratulated over the success of this machine.—Port Allegany Reporter.

CHURCHES TO APPEAL FOR NEAR EAST RELIEF SUNDAY, JANUARY 21

Sunday, January 21, has been suggested as Relief Sunday, for the relief work in Europe and the Near East. They have called for an offering to be taken in our churches and Sunday schools. This is a very worthy cause and each citizen might be able to give a little. The American Relief has sent us the following: We go into homes; there are little naked figures crouching behind the stove. There are no beds in these rooms, no blankets, no coverings of any kind. The furniture has been split up for kindling. The mattresses have been ripped up to make clothes. The children have to sleep on bare floors. In the little village called Melitopol, which had 5,000 inhabitants about a year ago, at least 1,500 starved to death.

To the honor of the men, they have refused to eat more than the women. The whole town was full of widows whose husbands have starved to death. In every country relief funds are administered by carefully appointed committees. And every case of need is investigated before relief is furnished.

BRADFORD RECLUSE HAD GOODLY SUM OF MONEY HIDDEN IN HIS HOME

A sack containing 1,000 silver dollars was found Sunday buried in the cellar of the house at No. 1 Rochester street, Bradford, former home of the late Fred Smith, a carpenter who died from heart trouble last Wednesday.

Yesterday's find makes a total of about $5,500 found in the old house, about $4,500 in bills having been discovered by Coroner Heffner hidden in an old clock last Saturday morning.

Smith died at the home of G. A. Moore, No. 5 Pike street, where he had gone to do some work. It is believed that he died instestate and local police have been unable to locate any relatives.

The aged carpenter had lived in the house as a recluse since his wife's death several years ago. He had been employed by Contractor S. D. Winter for the past 35 years and lived parsimoniously. The discovery of the money was the first intimation that the man was possessed of a small fortune.

Around and About

Eldred—Council at its meeting last Wednesday night deeded the old town hall to the American Legion. The Legion will remodel the structure for lodge rooms.

Coudersport—Luther W. Toles, 74, lifelong resident of this borough, died suddenly Friday afternoon. He had been in feeble health as the result of a stroke received last June. Four children survive.

Galeton—Jackson's big fine Main street garage is a total loss, having gutted it at 1 o'clock Sunday morning. There were 30 cars in the building and only 12 of the number were saved. Loss, $35,000.

Bradford—The contract for the last link in the Carrollton road has been let. This link, when completed will make it possible to drive from Bradford to Olean on an all concrete road.

Eldred—Albert D. Simmons, 78, Civil war veteran and one of the famous Bucktails, passed away Sunday, December 31. Deceased lived in Eldred since the close of the war. His widow, one daughter and four sons survive.

Clearfield—The dream which David E. Gorman had Thursday night came true Friday night when the lens in which he was riding was broken to pieces and he lost his life in a collision with a passenger train on the New York Central railway near here.

Port Allegany—Bernardine, aged 4, and Dorothy, aged 3 daughters of Mr. and Mrs. Bert Razey of Burtville, were scalded terribly when a large kettle of boiling water prepared for the washing tipped over on them. Their condition is very serious.

Eldred—The Burgess farm of 250 acres, located in Caneld hollow, was sold to Mrs. Florence Vickery, of Valisco, Texas, December 15, the consideration being $9,000. Mr. and Mrs. Fred Burgess have purchased the E. A. Carey property on the Caneld road and will remodel it and engage in the poultry business.

Ridgway—A Pennsy train that left here Friday afternoon at 2:15 was wrecked just east of Driftwood at 4:10, when it hit the rear end of an engine that was running backward. Both crews and passengers escaped serious injury. The accident was due to the engine being on the eastbound track instead of the westbound. Both engines were damaged badly.

Warren—Police asked to investigate a story that a fortune teller claiming she was an optician had obtained $700 in checks from a man who had fallen under her influence, whom she had promised to heal of eye trouble, found the story true, and as the man involved was aged and ill, the fortune teller returned the checks and no arrests were made. The woman was ordered to leave town.

Warren—A. O. Eastman, Kane, was held under a charge of robbing the U. S. mails before U. S. Commissioner Shawkey of this city, Wednesday morning. Bond was fixed at $1,000, which was given. Eastman, a mail agent, was charged with substituting cold storage eggs for fresh eggs, received by the parcel post department, and selling the fresh eggs to Kane merchants, at a profit of 25 cents a dozen.

IN MEMORIAM.

Whereas, it has pleased our Heavenly Father, in His infinite wisdom, to remove from our midst, our beloved sister, Lois Fuller Young Studholme; therefore, be it

Resolved, that we, the members of McKean Chapter, Daughters of the American Revolution, extend our sincerest sympathy to the bereaved family and especially to her mother, our sister, Mrs. Ada M. Young; and be it

Resolved, that we hereby express our appreciation of her work in our Chapter as historian and of her cooperation in all patriotic and educational work. And be it further

Resolved, that we express our further appreciation of her noble, Christian character and her self-sacrificing life which will be a lasting inspiration to the entire community.

The day died in a flood of crimson flame,
That bathed the hills in beauty richly rare,
And all the world bowed down, and I, too, came
To stand in wonder and to worship there.
And then a small voice seemed to question me:
"When death shall come and I must gladly go,
Will there be those who love my memory?
Oh, Lord, shall I too leave an afterglow?"

Clara F. McCoy,

TIMELY REMINDERS FROM PENNSY STATE COLLEGE.

Frosted Combs—The fertility of the breeding male is often impaired for a short time by frosted comb. If a second warm pen is not available for the sole use of the male birds, let them remain with the flock during the cold period that precedes the breeding season.

Winter Feeding of Horses—During the months that the farm horse spends idle or has comparatively light work to do, a saving can be made in the feed costs by feeding a greater proportion of roughage than the horse gets when at heavy work.

Creamery Personality—An important factor in the production of high quality butter is the personality of the creamery operator. Each pound of butter that leaves the creamery carries the stamp of the operator's workmanship, and advertises the knowledge, experience and qualifications of leadership that he brings to his work.

Farm Machinery—Give every implement and machine a careful inspection sometime this month, or next, so that everything may be in readiness for the coming season. Replace old, rusted or broken parts with new, reliable pieces. A little delay. Use the oil can, the grindstone and the tool kit.

NEW TELEPHONE COMPANY.

Application is being made for a charter by Henry A. Evans, Walter S. Straub and Julia Murphy, for an intended corporation to be called Warren-McKean Telephone company, for furnishing telephone service to the two counties, connecting Warren, Kinzua, Stoneham, Clarendon, Sheffield, Ludlow, Wetmore, Kane, Sergeant, Mt. Jewett, Kushequa, Smethport and Port Allegany. Notice for the application for the charter is being printed in several Warren and McKean county papers.—Port Allegany Reporter.

G. A. R. ELECTS.

At the regular meeting of McKean Post, No. 317, G. A. R. held January 4, the following officers were elected for the year 1923:

Commander, A. W. Pelgrove.
S. V. Commander, D. R. Allen.
J. V. Commander, J. C. Cunningham.
Surgeon, Emil Thamm.
Chaplain, H. L. Burlingame.
Officer of the Day, G. W. King.
Adjutant, H. M. Choate.

One death for the year 1922 was reported, that of Capt. E. R. Mayo.

RELIABLE SOURCE OF PROFIT

Dairy Cow Is More Dependable Than Beef Steer Because Her Products Are Steady.

The dairy cow is a more dependable source of profit than the beef steer, because her products are but slightly affected by market fluctuations and because she is a continuous source of revenue, for the cream or milk checks come in at frequent intervals. Then, too, there is an increasing demand for dairy products and for grade and purebred dairy cattle.

Most Profitable Cow.

One good cow is more profitable than several poor ones.

Sterilize Milk Utensils.

For the proper sterilization of dairy utensils an abundance of steam or hot water is needed. Immerse them in boiling water for two minutes, or put them in a tight closet and thoroughly sterilize with steam for thirty minutes.

MR. DAIRYMAN:
Your cows are entitled to Good Ensilage

Good ensilage reduces your feed bills, but you must start by having good seed.

KNOW THE SOURCE OF YOUR SEED
If in doubt consult your County Farm Bureau Agent.

Our West Branch Sweepstakes

is good seed because it is northern grown, a big yielder, has a large well filled ear, and matures early.

For your protection our name is printed on each bag, and our guarantee of better than 90 per cent germination on each tag.

O'CONNOR-COSTANZO.

The marriage of Miss Mary O'Connor, daughter of Mr. and Mrs. P. J. O'Connor of Smethport, and Libby Costanzo, son of Mr. and Mrs. J. C. Costanzo of Lewis Run, was solemnized in St. Bernard's church, Bradford, Monday morning at 8 o'clock, Rev. Father David F. Hickey officiating, in the presence of the immediate relatives.

The bride was beautifully attired in a suit of blue marvella trimmed with gray squirrel, with hat to match. She carried a bouquet of pink bridal roses and lilies of the valley. She was attended by the bridegroom's sister-in-law, Mrs. Rena Costanzo, who wore a suit of blue serge trimmed with fox fur and hat to match. Her corsage was of yellow roses.

Gresenzo Costanzo, brother of the groom, acted as best man. Following the ceremony breakfast was served at the Option House, covers being laid for eight. The table was also decorated with bridal roses.

Mrs. Costanzo is a graduate of the Smethport High school and Lock Haven Normal school, and for the past several years has been a teacher in the Lewis Run public schools.

Libby Costanzo is a well known local baseball pitcher. At present he is employed by the Bradford Brick and tile company at Lewis Run. Having signed a contract to play with the Baltimore International league team, he will report to the Orioles when they go into spring training. Mr. and Mrs. Costanzo left on the 9:40 o'clock B. R. & P. train for Buffalo and Erie, where their honeymoon will be spent. They will reside at the Costanzo residence at Lewis Run.

Mr. and Mrs. Costanzo are well known in this section and have a wide circle of friends who will wish them much happiness and success in their new life.

CARD OF THANKS.

In this, our sad hour, occasioned by the loss of our only daughter, Mae Arline, we are mindful of the manifold kindly ministrations of friends, whose tender solicitude and helpfulness sustained us throughout the most painful period of our lives. That God may bless and reward them, is our hope and prayer.

Mr. and Mrs. Robert Hamilton.

COUNTY OFFICIES THINKS WILD MAN HAS PERISHED.

Despite all rumors concerning the finding of the crazed man who, naked, roved the woods in the Keyser section vicinity one night last week and who was tracked for several hours by a posse, headed by County Detective Allison, the man has not been found and Mr. Allison is of the opinion that he perished from exposure and that his body will be found after the snow is gone. Furthermore, Mr. Allison does not believe that the crazy man was Henry Band of Bradford, who mysteriously disappeared from his home the Sunday previous to the discovery of the crazed man.

FIRST BAPTIST CHURCH

Rev. S. A. Renicks pastor. Services on Lord's day 10:30 a. m. and 7:30 p. m. Bible school at 12 o'clock, classes for old and young. Subject: Morning: "The Right Use of Money." evening, "Why I am a Baptist."

The Berean Bible class was well attended on Tuesday evening. The community is invited to attend this class. We will not be able to make this year a success unless we give ourselves to the study of the Bible. Thursday evening prayer meeting at 8 o'clock, to which all are invited.

SHOWS HIS CONFIDENCE IN SMETHPORT'S FUTURE

William Monheimer, well known merchant, has shown his confidence in Smethport and Smethport's future by purchasing the building in which his store is located from F. C. Rieck of Ocean City, who Mr. Monheimer succeeded in business 21 years ago. The building, a substantial structure, contains three stories and a commodious basement and is one of the best business corners in Smethport.

D. A. R. RENDER FINE PROGRAM MONDAY P. M

The January meeting of McKean Chapter, Daughters of the American Revolution, was held at the home of Mrs. H. H. Redfield on Monday afternoon at 2:30, with 13 members present. The roll call was responded to by legends which proved to be most interesting, and H. G. Wells' "Six Greatest Men in History" was read by Miss Carrie A. Day. Dainty refreshments were served by Mrs. Redfield.

LARGE CHANDLER AUTO BURNED AT CORYVILLE; OWNERSHIP A MYSTERY

A seven-passenger Chandler car, bearing a New York license, was destroyed by fire Sunday, between the Coryville store and the Shawmut railway crossing, but who the owner or the owners of the car were and how it came to be set on fire, is a mystery. An autoist traveling the road Sunday discovered the remains and reported to Coryville citizens, who secured the license number, from which an effort will be made to fathom the mystery. Monday afternon, however, a junk man took possession of the wreck and carted it away.

SLOAN & ZOOK PERFECT BIG MERGER OF GAS, OIL, TANKS AND TRANSPORTS.

The Sloan & Zook company, incorporated under the laws of Pennsylvania, with a capital stock of $600,000, with general office in Bradford, was organized and began business January 1.

The organization completes a merger or consolidation of all interests and operations heretofore owned or controlled by Sloan & Zook and includes the Kane Gasoline company, the Warren Gasoline company, operating at West Eldred; some 50 miles of gathering and main lines transporting natural gas; also Sloan & Zook, a partnership, doing a general marketing business in all petroleum products, the Sloan & Zook tank car line, operating 55 insulated tank cars, and some 1,000 acres of proved oil and gas producing properties in the Kane field.

A MODEL CREAMERY.

Since the firm of Meeker & Burnham assumed charge of the Smethport creamery that institution has been progressing by leaps and bounds. At the present time it is taxed to its capacity, compelling the new owners to give serious consideration to plans for enlargement. A visit to the plant is well worth while, in that it is one of the neatest, tidiest and most sanitary institutions of its kind in the country, and the proprietors take pleasure in welcoming visitors and showing them what a real up-to-date creamery looks like. The bulk of production is taken by local trade, but the demand from other places are increasing so rapidly as to render expansion imperative.

McKEAN PLANS EXHIBIT.

McKean county's exhibit at the Harrisburg farm products show during the week of January 22 will consist of eggs, butter, sheep and wool. Those wishing to attend may procure identification certificates at the local Farm Bureau which will entitle them to the privilege of one and one-half fare for the round trip, good from January 22 till February 2.

CARD OF THANKS.

To the many kind friends who gave of their sympathy and assistance following the death of our beloved father, John Benson, and to the Rev. Messrs. Larson and Bailey, who officiated at the funeral, we take this method of tendering our sincere and heartfelt thanks.
